Memberships & Alliances

NAPHRO - National Alliance of Provincial Health Research Organizations

In an effort to promote dialogue, work collaboratively on common issues and increase their strategic alignment; the provincial health research funding agencies formed the National Alliance of Provincial Health Research Organizations (NAPHRO) in the fall of 2002. NAPHRO members meet regularly by teleconference or face to face meetings, to share information and discuss potential funding opportunities, problems and barriers regarding health research funding.

NAPHRO Executive Director: Renata Osika www.naphro.ca/contact

Co-Chairs: Tim Murphy, Vice President, Health of Alberta Innovates (
